

I have received numerous phone calls from Teletron Marketing Group. Their phone number is 814-868-2557. Their address is 1545 West 38th street erie, Pennsylvania 16508. Each time I have recived a telemarketing phone call on my cell phone and each time i request to be taken off their calling list. they have not done so. I would like to file a lawsuit against the company and the individuals for harrassment and privacy violations. I have contacted to state attorney generals office, the ftc and now the fcc. I would like immediate action taken against this company and the individuals so they do not harrass, intimdate or distrube anyone else. the better business bureau is unaware of this company and it's actions.
